

INTERNATIONAL ASSOCIATION OF CAUSOMETRISTS
40 YEAR ANNIVERSARY
ROSE VALLEY, BULGARIA, JUNE 1ST 2022

**International Association of Causometrists
The Paths Psychological Center
LifeLook.Net LLC**

WE ARE INVITING YOU TO PARTICIPATE IN A SCIENTIFIC CONFERENCE
DEDICATED TO THE 40TH ANNIVERSARY OF CAUSOMETRY

**PSYCHOLOGICAL TIME AND HUMAN LIFE PATH:
CAUSOMETRY AND OTHER APPROACHES**

Kazanlak, Rose Valley, Bulgaria, June 1-3, 2022

Our conference will provide an inspiring space for fruitful communication between developers of causometry and other specialists in the study of psychological time and life paths (psychologists, sociologists, philosophers/theologians, physicists, mathematicians, neurophysiologists, physicians/clinicians, philologists/linguists, etc), who are interested in the causometric approach. The conference will focus on discussing four issues* that turned out to be of most interest to those who submitted requests, as well as other issues raised by the speakers (the list is attached). Reports can be in either English or Russian.

PROGRAM (expected speakers)

June 1. Registration of participants from 9:00.

09:30-10:00 Opening of the conference. *Three conceptions of psychological time: An overview* (Kronik)

10:00-13:00 Section 1. *How can the paradoxes of psychological age and time be resolved?* (Arkhipova, Atmadzhov, Harlanova, Kosina, Kronik, Puzyrina, Rusina)

14:00-17:00 Section 2. *How can we measure the significance of life events and wisdom?* (Ageenkova & Hreben, Aleksandrov, Larionova & Kochemirova, Lesin, Ryazantseva, Sapogova, Tashimova & Sultanaliyeva)

June 2. Registration of participants from 9:00.

09:30-10:00 *Puzzle of age and history of causometry: An overview* (Kronik)

10:00-13:00 Section 3. *How do we categorize life events? Is a universal, culture-free dictionary possible?* (Karpinskiy & Gizhuk, Kirilov, Klementyeva, Maksimenko, Melnyk, Somik & Gavrilov, Tikhonova & Adeeva)

14:00-17:00 Section 4. *How can we employ causometry to reach consensus among groups of people, such as partners, families, communities, nations, and others?* (Akhmerov, Ast, Beloded, Dostovalov & Dostovalov, Ejzenberg, Kronik, Levkova)

June 3. Registration of participants from 9:30.

10:00-12:00 Closing of the conference. *Overview of the results and discussion of possible joint projects.*

We are confident that your answers and ideas will move our world knowledge forward!
